

MAKERVERSE FACT SHEET

Your Platform for Sourcing Industrial Parts

Trusted by

MakerVerse provides instant access to a vetted supply chain and a full range of manufacturing technologies.

The fast-growing platform offers guaranteed high-quality parts at competitive prices and lead times. With AI-powered quoting, order management, and fulfillment, MakerVerse helps with everything from initial prototypes to full-scale production.

€9.4 mil.

Series A funding received in April 2023

Investors

include 9.5 Ventures, Siemens Energy, and ZEISS

12+

manufacturing technologies, such as 3D printing and CNC

1000+

Printers and machines located globally

40+

employees, representing 15+ nationalities

How it works

1 Quote

- Get a quote via part upload
- Design for manufacturability checks in real-time
- Instant pricing (or within 24 hours for some technologies)

2 Production and post-processing

- Streamlined process with single counterpart
- Functional parts & post-processing
- Vetted network of expert suppliers

3 Delivery

- Assured industrial quality for your parts
- Transparent and simple delivery process
- Guaranteed and fast lead times
